**This month our friends find out what it's like to move house!**

**Cap and Cino are most unusual friends. You see Cap is a cat and Cino is a dog and that is certainly quite peculiar.**

One particular day, a friend of Cap and Cino called Dan came into Hawkes House and ordered a skinny latte. They noticed he was looking really tired and was enjoying sitting on the comfortable sofa sipping his coffee slowly. "What's up?" Cino asked Dan. "I'm exhausted," he replied. "We're moving house tomorrow and we've been packing everything we own into boxes for weeks." Cino thought that sounded funny and asked "Why are you doing that? Can't you just keep everything where it is when you move your house?" Cap and Dan were a little confused and then realised Cino thought that when you 'moved house' that you actually moved your whole house! Dan explained "You don't move your actual house... you leave it behind and go to live in another house and you have to take everything you own with you. And actually, you probably throw lots of things away that you don't think you need anymore." "What sort of things do you get rid of when you move house?" asked Cap. "Well," replied Dan "We knew our loft was really full up with 'stuff' we own but hadn't used for years and we had a right old laugh when we had a look through it all. Like there was an old VCR of mine which plays VHS video cassettes, or at least it used to. And there was a box of videos with films like Back to The Future and E.T". Cap and Cino just looked at each other and didn't know what to say, as they didn't really understand anything Dan had said! "Once you've packed EVERYTHING into boxes and disposed of anything you no longer want, a lorry comes and transports it all to your new home and then you have to unpack it all over the next few weeks." "Are you looking forward to it?" asked Cap. "Not really" replied Dan "but I am looking forward to when it's all finished!" Please join us again soon for more adventures with Cap & Cino!
